If you like incest or if you like to fantasize about being taken advantage of, then you'll find this site both addictive and very sexy. Whether it's a big brother or a feisty father, our men will always find a way to come on to the next woman in their lives. The stories are told from the third person, showing the action from the perspective of the younger woman. This way, the men can be seen as the sexual aggressor, allowing the younger woman to go from a frightened virgin to a sexually stimulated woman in no time. The younger brother stories are not just sexual. These are stories about desire and having fun with a lover. Whether a brother is going through a divorce or about to get remarried, the male family members are ready to play hard. The younger brothers give older women who know what they want the kind of sexual experience they've been looking for all of their lives. Incest stories include orgies. Whether it's a big brother who has several years' worth of sexual experience under his belt or a feisty father who takes advantage of a mother with a large dick, the sexual encounter is always hot and sweaty. The feisty fathers that we like to write about have their own sort of sexual language. There are always a few double entendres in every story, allowing you to get to know the characters and their relationship with their lovers. This is a site for the men and women who want to experience sex in a different way. Whether it's being taken advantage of by an older man, a younger brother, a father, a big brother or a mother, these stories will get your juices flowing.
